

PAYMENT CARD DATA – PCI TRAINING

Payment Card Data – PCI
Module ~ 16 mins
Video Only ~ 13 mins

Our PCI awareness training program, **Payment Card Data – PCI**, provides PCI training to all employees who handle payment card data. This course provides basic information for a lay audience.

The **5 video segments** discuss the special ways that payment card data must be protected under **the Payment Card Industry Data Security Standard (PCI-DSS)**. Video segments are interspersed with 8 quiz questions.

PCI-DSS TRAINING REQUIREMENTS

PCI-DSS 12.6 – Implement a formal security awareness program to make all personnel aware of the importance of cardholder data security.

PCI-DSS 12.6.1 – Educate personnel upon hire and at least annually.

PCI-DSS 12.6.1.a – Verify that the security awareness program provides multiple methods of communicating awareness and educating personnel.

PCI-DSS 12.6.1.b – Verify that personnel attend awareness training upon hire and at least annually.

PCI-DSS 12.6.2 – Verify that the security awareness program requires personnel to acknowledge, in writing or electronically, at least annually that they have read and understand the information security policy.

COURSE OUTLINE

 - Passwords
 - Protecting the Network
 - Checking for Tampering
5. CONCLUSION

ABOUT TEACHPRIVACY

The TeachPrivacy Advantage

Expertise

Our training is created by Professor **Daniel Solove**, an internationally-known expert in privacy and security.

Topical

We cover **more than 50 topics**, including HIPAA, FERPA, GLBA, phishing, passwords, portable devices, social media, and much more.

Interactive

SCORM-complaint modules have interactive quizzes and activities.

Engaging

Your workforce will *want* to take our training – and they'll remember it.

Short and Modular

We have comprehensive courses and short individual modules on particular topics.

Customizable

We can customize anything

“In short, easily understood sessions, Professor Solove personally explains the concepts of information security and privacy in plain language. The excellent content combined with Solove’s well-earned reputation make the TeachPrivacy series an essential part of an effective information security awareness program in any organization.”

– Dennis Devlin, CISO, CPO and Senior VP of Privacy Practice, Savanture

TeachPrivacy was founded by Professor **Daniel J. Solove**, the John Marshall Harlan Research Professor of Law at the George Washington University Law School. He is also a Senior Policy Advisor at the law firm of Hogan Lovells. One of the world’s leading experts in privacy law, Solove has authored 10 books and more than 50 articles. He is the lead author of the most widely-used textbook on information privacy law. He has given lectures around the world, testified before Congress, spoken at the Department of Homeland Security, U.S. Dep’t of Education, FCC, FTC, the Library of Congress, and countless universities.

Professor Solove has been interviewed and featured in several hundred media broadcasts and articles, including the New York Times, Wall Street Journal, Washington Post, Chicago Tribune, USA Today, AP, Time, Reader’s Digest, ABC, CBS, NBC, CNN, and NPR. His [LinkedIn Influencer blog](#) has more than 870,000 followers.
